

Stay connected with the **Affordable Connectivity Program***

You may qualify for the
**FEDERAL GOVERNMENT AFFORDABLE
CONNECTIVITY PROGRAM (ACP)** which
provides a monthly benefit for home
internet or prepaid wireless service.

How to enroll:

1. To determine if you are eligible, apply
through the National Verifier at
acpbenefit.org or call **877.384.2575**.
(AT&T does not determine eligibility)
2. Visit **att.com/acp** for more information
on ACP and how to sign up for service
with AT&T.

Reduce your
bill by up to
\$30[†]_{MO.}

Scan here for more
information

[†]Up to \$75/mo. if you reside on qualifying Tribal Lands.

***The Affordable Connectivity Program** is a federal government benefit program lowering the price of eligible service up to \$30/mo. or up to \$75/mo. on Tribal Lands. The benefit is not transferable to other consumers. Only eligible consumers may enroll in the program. Only one benefit is allowed per household and the benefit may only be applied to one service, regardless of service provider. If the program ends or you are no longer eligible for the program, regular rates will apply. **AT&T does not determine eligibility. AT&T reserves the right to remove the monthly discount at any time. If your monthly service charge is \$0 after the discount, you must use your service each calendar month, or the discount will be removed.** **Eligible Consumers:** To establish eligibility, you must enter your eligibility information into the National Verifier at **ACPbenefit.org**. Once approved, call 1-866-986-0963 with your application ID and enroll in the ACP with AT&T for your eligible internet service or visit **attprepaidacp.com** to complete your wireless enrollment. You must show, with documentation as needed, that your household income is at or below 200% of Federal Poverty Guidelines for a household of that size; or that at least one member of the household participates in a qualifying federal assistance program (Medicaid, Supplemental Nutrition Assistance Program, Supplemental Security Income, Federal Public Housing Assistance, The Special Supplemental Nutrition Program for Women, Infants, and Children (WIC), or Veterans and Survivors Pension Benefit); or receives benefits under a certain federal free and reduced-price lunch program or school breakfast program; or received a Federal Pell Grant in the current award year; or, if on Tribal Lands, participates in certain tribal-specific federal assistance programs. See the National Verifier for details. **AT&T Internet: Subj. to Internet Terms of Service at att.com/internet-terms.**

Connecting Communities to More with Access from AT&T

At AT&T, we're furthering our efforts to bridge the digital divide by offering new solutions that help households in your community stay connected to their work, education, healthcare, and more.

What's new?

Access from AT&T, our low-cost program for home internet offered to limited-income households, has been enhanced so customers no longer have data caps and can also experience Internet speed plans of up to 100 Mbps.

- Previously, Access from AT&T provided speeds up to 10 Mbps.

And by [combining new plans](#) from our low-cost [Access from AT&T](#) program with federal benefits from the [Affordable Connectivity Program](#) (ACP), eligible households can take advantage of free internet.

How is AT&T making this possible?

The new Access from AT&T¹ program provides faster internet plans with up to 100 Mbps of symmetrical speeds for \$30 per month with no cap on data usage.²

- Eligible households that take advantage of the new up to \$30 per month ACP benefit (or up to \$75 per month for those on qualified Tribal lands) and apply it to their Access from AT&T plan can then receive internet service at no monthly charge.

How can my community take advantage of free internet?

First, households can confirm their eligibility for the new ACP benefit and get approved with the federal government's National Verifier at acpbenefit.org. Then, they can call us at (855) 220-5211, and we will verify ACP approval and set them up on a plan with the ACP benefit.

- All households that qualify and enroll with AT&T for ACP with their home internet will also qualify for our Access from AT&T program, including the newest speed tier.

Can the ACP benefit be applied on plans other than Access from AT&T?

Eligible households can apply the ACP benefit to most of our existing AT&T Internet plans. That means qualified customers can save up to \$30 per month (or up to \$75 on qualifying Tribal lands) on most plans that we offer.

- That includes our fastest plans on AT&T Fiber, with speeds up to 5-Gigs in parts of more than 70 metro areas.³

Customers can also choose to apply the ACP benefit to their AT&T Prepaid or Cricket Wireless plan. The benefit is limited to one service per household. Additional information about the ACP benefit is available from the ACP Support Center at (877) 384-2575.

¹ Available in the [21 states](#) where AT&T offers wireline home internet services.

² Access Plans 10Mbps and below have data allowances. Customers who exceed those allowances may incur a \$10 fee. Through April 30, 2022, AT&T is waiving data overage fees for those Access AT&T customers.

³ Limited availability in select areas. Internet speed claims represent maximum wired network service capability speeds to the home and recommended setup. Actual customer speeds are not guaranteed. Single device wired speed maximum 4.7Gbps. Visit att.com/speed101 for details
