November 6, 2020

Comstock Educational Community,

Comstock Public Schools has a confirmed case of COVID-19 at the Comstock STEM Academy. Today, I received notification that a staff member had tested positive for the virus. We were able to identify the source of transmission as outside of the school grounds.

Through video analysis, we were able to establish that the staff member did not come into close contact with any student or staff member closer than 6 feet for 15 or more cumulative minutes over a 24 hour period on either Wednesday, November 4 or Thursday, November 5. The staff member was not at the school on Friday, November 6.

Stay safe.

Sincerely,

A handwritten signature in black ink that reads "Dr. Jeffrey J. Thoenes".
